CORE CLASSES

Core classes are based in both ballet & creative dance (student choreography, improvisation, & artistic development).

*TECH. CLASSES (Level 1, 2 & 3)

Students must be enrolled in a Core Class in order to participate in the Technique Program. This program is for students who wish to make technical progress & offers a 1x week ballet class for students 2nd grade-Highschool as well as 1x a week contemporary dance class for students 5th grade-Highschool. Aside from more focus on increasing the technical foundation necessary for dance success, the program includes exposure to more advanced dance skills (such as leaps & turns), flexibility and strength training, and more advanced choreography. If your dancer wants to make marked progress within dance technique, participation within this program is essential.

*TEEN JAZZ

Students must be enrolled in a Core Class in order to participate in the Teen Jazz class. Dancers are not required to be enrolled in Tech Level 2 or 3 to take this class.

*POINTE PROGRAM

This is a 2x week program for dancers who want to work towards dancing en pointe (dancing in pointe shoes) or who have already passed their pointe exams. Dancers must be enrolled in a Core Class, Tech 2 or 3, and be at least 11 years old. This class also provides additional progress within ballet technique.

*CAREGIVER & TOT is for children walking - age 2.5 and one adult caregiver
