

The background is a colorful collage of paleontology-themed illustrations. It includes various fossils such as dinosaur skulls, a trilobite, and a shark skeleton. There are also drawings of prehistoric animals like a dinosaur, a pterosaur, and a mammoth. The background is divided into horizontal bands of different colors: brown, teal, tan, and green. The text is presented on a white, torn-paper-like shape in the center.

# PALEO ADVENTURES
